providing for the
Quarantine and Isolation of Persons or Animals with
Communicable Disease in Woodbury County.

Pursuant to the authority of the Siouxland District Board of Health, as set out in Section 137.6 of the 2005 Code of Iowa, the Siouxland District Board of Health, Woodbury County, Iowa does hereby approve the following rules and regulations:

SECTION I. Purpose.
The Purpose of these Rules is to provide for the quarantine and isolation, when necessary of persons or animals with communicable diseases.

SECTION II. Siouxland District Board of Health Rules for Quarantine and Isolation

1. Definitions
   "Board" means Siouxland District Board of Health
   "Department" means the Iowa department of public health.
   "Isolation" means the separation of persons or animals presumably or actually infected with a communicable disease, or that are disease carriers, for the usual period of communicability of that disease. Isolation shall be in such places, marked by placards if necessary, and under such conditions to prevent the direct or indirect conveyance of the infectious agent or contagion to susceptible individuals.
   "Quarantinable disease" means any communicable disease which presents a risk of serious harm to public health and which may require isolation or quarantine to prevent its spread. "Quarantinable disease" includes but is not limited to cholera; diphtheria; infectious tuberculosis; plague; smallpox; yellow fever; viral hemorrhagic fevers, including Lassa, Marburg, Ebola, Crimean-Congo, South American, and others not yet isolated or named; and severe acute respiratory syndrome (SARS).
   "Quarantine" means the limitation of freedom of movement of persons or animals that have been exposed to a communicable disease, within specified limits marked by placards, for a period of time equal to the longest usual incubation period of the disease. The limitation of movement shall be in such manner as to prevent the spread of a communicable disease.

2. General provisions
   a. Voluntary confinement. Prior to instituting mandatory isolation or quarantine pursuant to this rule, the board may request that an individual or group of individuals voluntarily confine themselves to a private home or other facility.
   b. Quarantine and isolation. The board is authorized to impose and enforce quarantine and isolation restrictions. Quarantine and isolation shall rarely be imposed by the board. If a quarantinable disease occurs in Iowa, individuals with a suspected or active quarantinable disease and contacts to the case may be quarantined or isolated as the particular situation requires. Any quarantine or isolation imposed by the board shall be established and enforced in
accordance with this rule.

   c. The local board of health shall notify, consult and work cooperatively with the Iowa
department of agriculture and land stewardship and the state veterinarian office on issues relating
to isolation and quarantine of animals
3. **Conditions and principles** The board shall adhere to all of the following
conditions and principles when isolating or quarantining individuals or a group of individuals:
   a. The isolation or quarantine shall be by the least restrictive means necessary to prevent

is not limited to, confinement to private homes, other private premises, or public premises
   b. Isolated individuals shall be confined separately from quarantined individuals.
   c. The health status of isolated or quarantined individuals shall be monitored regularly to
determine if the individuals require further or continued isolation or quarantine.
   d. If a quarantined individual subsequently becomes infected or is reasonably believed to
have become infected with a communicable or possibly communicable disease, the individual
shall be promptly removed to isolation.
   e. Isolated or quarantined individuals shall be immediately released when the board
determines that the individuals pose no substantial risk of transmitting a communicable or
possibly communicable disease
   f. The needs of isolated or quarantined individuals shall be addressed in a systemic and
competent fashion including, but not limited to, providing adequate food; clothing; shelter;
means of communicating with those in and outside of isolation or quarantine; medication; and
competent medical care.
   g. The premises used for isolation or quarantine shall be maintained in a safe and
hygienic manner and shall be designed to minimize the likelihood of further transmission of
infection or other harm to isolated or quarantined individuals.

the needs of individuals in isolation and quarantine premises and in establishing and maintaining
the premises.
4. **Isolation or quarantine premises**

access to individuals in isolation or quarantine as necessary to meet the needs of isolated or
quarantined individuals.
   d. No individual, other than an individual authorized by the department or the board, shall
enter isolation or quarantine premises. If the department has requested the assistance of law
enforcement in enforcing the isolation or quarantine, the department shall provide law
enforcement personnel with a list of individuals authorized to enter the isolation or quarantine
premises.

authorization of the department or the board may be isolated or quarantined pursuant to this rule.

   b. Isolation and quarantine undertaken by the board shall be accomplished in accordance with this rule.
   c. Temporary isolation and quarantine without notice. The board may temporarily isolate or quarantine an individual or groups of individuals through an oral order, without notice, only if delay in imposing the isolation or quarantine would significantly jeopardize the board's ability to prevent or limit the transmission of a communicable or possibly communicable disease to others. If the board imposes temporary isolation or quarantine of an individual or groups of individuals through an oral order, the board shall issue a written order as soon as is reasonably possible and in all cases within 24 hours of issuance of the oral order if continued isolation or quarantine is necessary to prevent or limit the transmission of a communicable or possibly communicable disease.

(2) A copy of the written order shall be provided to the individual to be isolated or quarantined within 24 hours of issuance of the order in accordance with any applicable process authorized by the Iowa Rules of Civil Procedure. 6. Appeal from order imposing isolation or quarantine

a. Appeal. The subject of a board order imposing isolation or quarantine may appeal a written order by submitting a written appeal within ten days of receipt of the written order. The appeal shall be addressed to Siouxland District Board of Health, 1014 Nebraska St. Sioux City, IA 51105. Unless stayed by order of the board or a district court, the written order for quarantine or isolation shall remain in force and effect until the appeal is finally determined and disposed of upon its merits.

The proceeding shall be held as soon as is practicable, and in no case later than ten days from the date of receipt of the appeal. The hearing may be held by telephonic or other electronic means if necessary to prevent additional exposure to the communicable or possibly communicable disease. The board may consent to immediate jurisdiction of the district court when requested by the subject or subjects of a board order and justice so requires. Unless stayed by order of the board or a district court, the written order for quarantine or isolation shall remain in force and effect until the judicial review is finally determined and disposed of upon its merits.

witnesses and evidence, the board or a court may order the consolidation of individual claims
into group claims, if all of the following conditions exist:
   a. The number of individuals involved or to be affected is large enough that
      consolidation would be the best use of resources.
   b. There are questions of law or facts common to the individual claims or rights to be
determined.
   c. The group claims or rights to be determined are typical of the affected individuals'
      claims or rights.

9. Implementation and enforcement of isolation and quarantine
   a. Jurisdictional issues. The department has primary jurisdiction to isolate or
      quarantine individuals or groups of individuals if the communicable disease outbreak has
      affected more than one county or has multi-county, statewide, or interstate public health
      implications. If isolation or quarantine is imposed by the department, the board may not alter,
      amend, modify, or rescind the isolation or quarantine order.
   b. Assistance of local boards of health and local health departments. If isolation or
      quarantine is imposed by the department, the local boards of health and the local health
      departments in the affected areas shall assist in the implementation of the isolation or quarantine
      order.
   c. Penalty. Pursuant to Iowa Code sections 137.21 and 139A.25(1), any individual who
      violates a lawful board order for isolation or quarantine, whether written or oral, shall be guilty
      of a simple misdemeanor. The court-ordered sentence may include a fine of up to $500 and
      imprisonment not to exceed 30 days.
